COVID-19 Service Changes

Dear Valued Customer:

Patriot Disposal has developed and implemented business continuity plans to ensure our operations run as effectively as possible during this unique period to provide the best possible service in a courteous, effective manner.

Patriot Disposal will continue to closely monitor the current situation regarding the COVID-19 outbreak, while recognizing that there are tremendous unknowns that could cause unanticipated service delays, service interruptions, or unusually high call volumes.

The number one concern for Patriot Disposal is the safety of our employees, our customers, and the communities that we service.

Currently, we are operating according to our regular schedule. However, please be advised that **effective Friday, March 20th no bulk items will be collected until further notice.**

Bulk items include furniture, mattresses, construction debris, or any other large item that would normally be collected with a rear-load trash truck. This change is necessary to ensure that we are able to maintain enough truck capacity for the collection of regular household trash, recycling and yard waste, which must be the priority right now.

Please be sure to check our website at patriotdisposalservices.com for any additional service changes that may become necessary in the coming days.

We appreciate your patience and understanding during this difficult time.

Thank you,

Patriot Disposal, Inc.
